Reliable Content. Innovative Delivery.

QuickSeries® has delivered credible, easy-to-read content on thousands of relevant topics for over 30 years. Our team of knowledgeable writers presents the most current information on a broad range of valuable subjects, including content to reach those involved in the fields of education, emergency preparedness, Federal agencies, health care, and law enforcement.

Our unique winning formula is guided by two crucial principles:

1. To offer a vast library of topics with content written in a clear and understandable way
2. To provide content on multiple innovative platforms that are best suited to your audience

From our flagship pocket guides (and eight other fully customizable print formats) to our eGuides and fully integrated QuickSeries Connect app platform, we ensure seamless, affordable delivery of content that is guaranteed to make your program a success.

Helping You Build Successful Programs

Content is key! Strengthen your organization's outreach program with QuickSeries' extensive library of titles.

We offer products that are unparalleled in reliability, accuracy, and comprehensiveness. Our skilled editing team ensures that our material reflects the latest industry standards and best practices. We work with you to accurately communicate your organization's message, policies, and procedures.

QuickSeries has an appropriate title – on the perfect platform – to meet your needs.

Our Accreditation Resource Partners

Along with our team of talented, knowledgeable writers and editors, we partner with various respected associations within different industries to write, review, and validate our content. Once the content has been approved, we add their logo to the guide as a seal of approval – reassuring you that the information is correct and credible.

Topic-Focused Apps

With years of working directly with key decision-makers in various industries, we have gained the insight needed to create app systems that fill pivotal roles within these industries. With that knowledge in hand, our software developers have worked side by side with content experts to create app systems that are designed to fully integrate into your daily life.

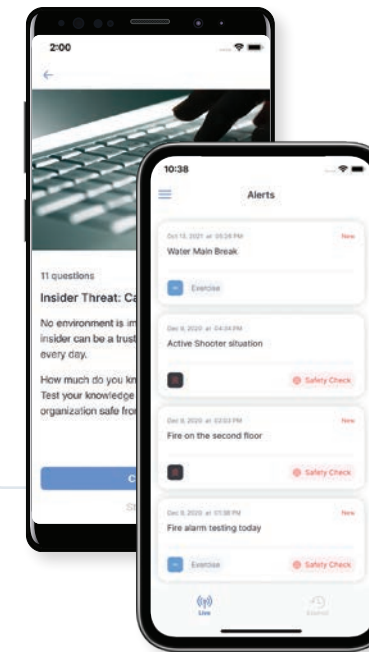

UNITE

Stay informed and prepared with our top-rated emergency and disaster response app.

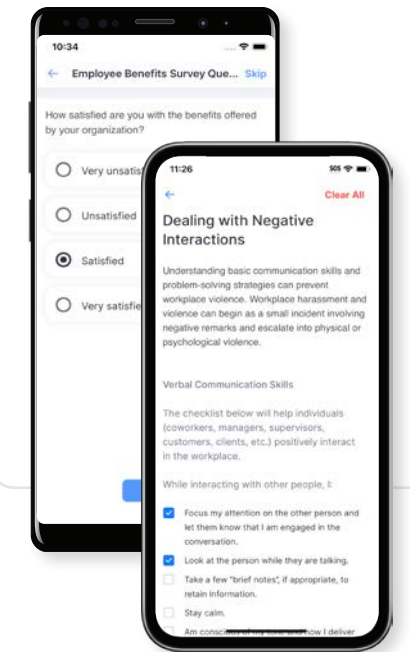

Occupant GUARD

Keep staff, students, and facilities safe during an emergency.

Employee Assistance Program

Help personnel manage issues that impact their job performance, health, and wellness.

Trusted by government agencies, military organizations, and top enterprises across all industries

Anti-Terrorism

- Terrorist attacks can take several forms. Educate readers on how to prevent and respond to security threats and acts of terrorism.
- Raise awareness of the indicators of terrorism and teach the public about the importance of reporting suspicious activity to state and local law enforcement.
- We cover vital subjects, including weapons of mass destruction; chemical, radiological, and biological incidents; nuclear weapons; suspicious activities, and law enforcement response.
- Our work aids include help for first responders and inform readers on procedures, policies, mitigation tactics, and how to recover from terrorism incidents.

QuickNote

Education can raise awareness about the methods terrorists use to recruit individuals. By understanding these signs, individuals are better equipped to report suspicious activities to authorities, potentially preventing terrorist acts before they occur.

Campus Safety

- Prepare students for college life and help them avoid campus crime. Inspire them to take an active role in their safety to ensure their college experience is a positive one.
- A key step to combating human trafficking is being able to identify victims so they can be rescued, and the perpetrators brought to justice. Knowing what to look for can help you act on suspicions that something is wrong.

Bad online actors have taken malware to a personal level with phishing, spam, and other email scams. Teach your community the security threats they may encounter, how to secure their information, and avoid fraud.

Access Vital Information – Anytime, Anywhere!

Our QuickSeries Connect app platform is a convenient tool for communities, facilities, and workplaces to communicate essential emergency information. It can be customized to your specific requirements – any content can be turned into an app! Choose from a variety of eGuide titles to create a personalized library for a complete user experience.

Disease Management

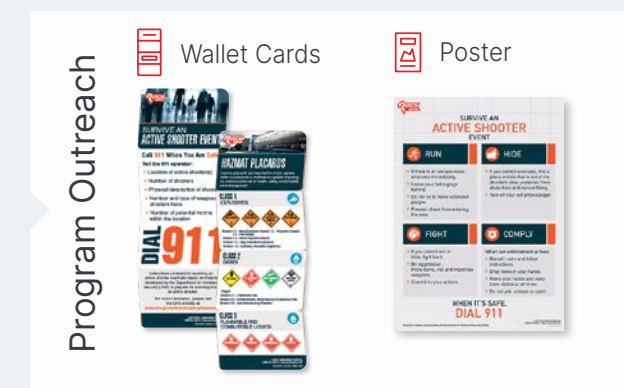

- Encourage your people to make informed health decisions, thereby improving health outcomes and reducing the spread of infection and disease.
- Our content helps to enhance public health literacy, enabling communities to effectively navigate health care systems and adopt preventive measures against illness.

* Licensed by the American Diabetes Association (ADA)

Emergency Management

- Teach personnel how to react quickly to protect themselves and others in an active threat situation.
- Know how to respond to a man-made incident or natural disaster at work and emphasize the responsibilities all building occupants have in an emergency situation. Build your own Continuity of Operations plan to minimize the effects of a disaster.
- Provide in-depth strategies on radiological or nuclear attacks, creating a food defense plan, responding to an oil spill, and having your employees take appropriate actions in any emergency.

- Provide Occupational Safety and Health Administration (OSHA) employee safety content to ensure a safe and healthy workplace, reducing the risk of accidents and complying with legal standards for worker protection.
- Equip motorcycle riders with the knowledge and skills needed to navigate roads safely, significantly reducing the risk of accidents and fatalities.

QuickNote

OSHA is a U.S. Federal agency responsible for ensuring safe and healthy working conditions by setting and enforcing standards and providing training, outreach, education, and assistance.

* Licensed by the Motorcycle Safety Foundation (MSF)

- Our content uses plain language to explain the ethics laws and regulations that apply to Federal government employees. Ensure that your staff has a clear understanding of these rules with specific examples on the application of various ethics laws.
- Empower government leaders with the knowledge and tools they need to navigate the complexities of reporting financial information. Support them as they uphold their legal obligations to the community.

Your App, Your Way

We have already developed apps that address these topics for the U.S. Department of the Interior (DOI), National Cancer Institute (NCI), and the U.S. Department of Agriculture (USDA). Create your own valuable custom app on this subject! Contact us for more details.

- Importers and exporters need to know about implementing specific security measures and best practices as CTPAT members.
- No Federal organization is immune to insider threats. Educating employees on how to identify and report potential insider threat indicators within the workplace can help reduce the risk and support an appropriate organization response.
- Government employees will learn how to get and keep a security clearance for the Department of Defense (DoD). Discover details on employee responsibilities and how to avoid concerning behavior.

QuickTerm

Insider threat awareness is a term to describe the actions of recognizing and mitigating risks posed by individuals within an organization who might intentionally (or unintentionally) compromise its security or integrity.

- Give everyone the tools they need to handle their money wisely, which helps the whole community thrive and grow stronger financially.
- Identify and avoid fraud by recognizing deceptive schemes and make secure financial decisions.

Personalization Is Key

Make it yours! Customize our formats with your branding.

Do you want to build long-lasting relationships with your audience? A branded, customized QuickSeries format can help make that happen. We will work with you to create professional, dependable outreach material that will resonate with your community.
