HFACS Ready

**The Human Factor Analysis and Classification System 8.0**
**Mobile App**

Streamline your Human Factor Analysis

Eliminating risk before it happens.

HFACS Ready, the all-in-one HFACS 8.0 app designed for **DoD employees**, helps personnel analyze and learn from human error incidents to ensure a safer and more prepared mission.

Our HFACS 8.0 pocket guide comes preloaded as an eGuide.

Elevate safety and error prevention with interactive tools, like checklists, quizzes, and debrief forms.

Developed for Safety Managers, Risk Analysts, and Emergency Professionals.

Deliver a central hub of safety protocols – quick, easy, and always at your fingertips!

Use HFACS Ready to plan expert-led training events – never miss an event or opportunity to grow.

Be prepared. Be proactive. Equip your team with HFACS Ready and take operational safety mobile.
